2012-13 Second Interim Report

Executive Summary

Introduction

The following Executive Overview is a summary of the financial data reported in the SACS Second Interim Report. In addition, it summarizes changes and updates in budgetary information and forecast as a result of Board and State fiscal actions. It is provided to assist the reader in understanding the information being reported within the accompanying forms.

The next Board information session on the budget will be held in May 2013. At that time, the Governor's 2013-2014 budget proposals for May revisions will be known.

State Budget Update

The Second Interim Report for 2012-13 reflects activity through January 31, 2013. On June 27, 2012, the Governor signed into law the 2012-13 State budget bill and a package of legislation needed to implement the budget and close a projected \$15.7 billion shortfall. A major aspect of the Governor's proposed 2012-13 Budget included temporary tax increases which were part of the Governor's ballot initiative, which he qualified for the November 2012 ballot. The temporary tax initiative designated as "Proposition 30" was designed to increase personal income tax rates on very-high-income Californians for seven years and boost the sales tax rate by one-quarter cent for four years. The revenues raised by the measure would be earmarked to provide additional funding for schools as well as help avoid deeper spending reductions. On November 6, 2012, the voters of California approved "Proposition 30" the temporary tax initiative. If the voters had rejected the Governor's initiative, \$6 billion in mid-year "trigger" cuts would have automatically taken effect on January 1, 2013.

On January 10, 2013, the Governor released his 2013-14 proposed budget for California. The Governor stated that he believes California is poised to achieve something that has eluded it for more than a decade which is a budget "that lives within its means, now and in future years." He cited the primary reasons are related to huge budget reductions the state has enacted over the last two years and the passage of Proposition 30. The Governor developed his budget echoing some of the same themes as the Legislative Analyst's Office and noted the following:

- California's economy is improving;
- Housing is on the upswing, with median home prices up by 24% since 2009;
- 564,000 jobs have been added of the 1.4 million that were lost by the recession;
- The State unemployment rate dropped to 9.8% from a high of 12% several years ago;
- Growth is projected in employment and personal income

In 2011, the State was facing a structural deficit of over \$20 billion and the budget and has now recovered to what the Governor describes as stable footing. The Governor noted that the primary reasons for the turnaround are related to less reliance on accounting gimmicks, borrowing, and deferrals and more focus on spending reductions. With the passage of Proposition 30, the Governor's stated that his budget reinvest in education, instead of making further cuts to it. Proposition 30 will increase the sales tax by ½ %, and personal income tax for top earners by 2% and would expire at the end of 2016. The tax measure is projected to increase state revenues by \$6.9 billion. Overall State General Fund Spending is projected to grow by 5%, from \$93 billion in the current fiscal year to \$97.7 billion in FY 2013-14. The vast majority of the Governor's

spending increases will be for K-12 Education, Higher Education, and Health Care, specifically the Medi-Cal program. The budget proposes a multiyear plan that is balanced, and maintains a \$1 billion reserve and pays down budgetary debt from past years.

In relation to Proposition 98 which provides the basis for education funding, it is projected to steadily increase on average by 3.9% through 2017-18. The current Proposition 98 minimum guarantee level of \$53.5 billion was contingent upon voter approval of the Governor's ballot measure. In fiscal year 2013-14, the Proposition 98 minimum guarantee is projected to increase by 5% from \$53.5 billion to a total of \$56.2 billion. The Governor is proposing to use \$1.8 billion of the \$2.7 billion increase to "buy back" inter-year payment deferrals for K-12 schools and community colleges. In addition, the Governor has designated \$1.6 billion from the increase to implement a new school finance formula called "Local Control Funding Formula (LCFF). The Governor has stated that the new LCFF would replace the current revenue limit system and most categorical program funding. This would allow the allocated funds to be more flexible and could be used for any educational purpose. The Governor stated that he believes the current school finance system is "overly complex, administratively costly, and inequitably distributed."

In addition to the proposed LCFF, the Governor is proposing the following for K-12 education:

- Cost of Living Adjustment (COLA) of 1.65% and 2.2% for FY 2013-14 and FY 2014-15, respectively;
- \$100 million increase in funding for mandates totaling \$266.6 million for FY 2013-14;
- \$1.8 billion to reduce inter-year deferrals;
- Shift responsibility for Adult Education from K-12 education agencies to community colleges and provide a \$300 million block grant to community colleges for this purpose beginning in FY 2013-14;
- School facilities programs including deferred maintenance, routine restricted maintenance, and the sale of surplus property uses/restrictions would be permanently flexible;
- Proposition 39 (The California Clean Energy Jobs Act) – The Governor has designated \$400.5 million in FY 2013-14 to K-12 education for implementing energy efficient measures in construction and modernization of buildings, purchasing energy equipment, and undertaking renewable energy projects.

Legislative Analyst's Office

The Legislative Analyst's Office (LAO) reported in their recent report titled *California's Fiscal Outlook* which provides an update of the condition of the current year budget and forecast revenues and expenditures through 2017-18. For the current fiscal year, the LAO report projects that the minimum funding guarantee for the current year will increase by \$193 million. In 2013-14, the LAO projects \$4.2 billion in new revenue under Proposition 98. Beyond 2013-14, the LAO projects significant and growing operating surpluses, which could reach \$9 billion in 2017-18, provided the economy continues to expand and State spending is restrained.

The LAO noted a number of assumptions and risks in their forecast relative to steady economic growth and rising stock prices. In addition, the forecast assumes that the Congress and the President will be able to resolve the impending "Federal Sequestration" which if implemented would provide for higher Federal taxes and spending reductions.

State Economy

According to the State Department of Finance (DOF), the State's economy is on the upswing. The DOF most recent *Finance Bulletin* dated February 2013 noted that General Fund revenues through January are \$5.1

billion above the Governor's Budget forecast of \$9.9 billion. Year-to-date revenues are \$5.1 billion above the forecast of \$49.9 billion. The Department of Finance has indicated that there are a number of factors contributing to the growth. Personal income tax (PIT) revenues in January were \$4.9 billion above the month's forecast of \$7.6 billion, and is likely the result of major tax law changes at the Federal and State levels in addition to the Proposition 30 rate increases. Corporation tax revenues year-to-date are also \$63 million above the forecast through January. Real estate continues to be a bright spot in the California economy, with sales and the median price of existing, single-family homes increasing year-over-year. During 2012, unit sales were up 5.4% and the median price was up 11.7% from 2011.

The Employment Development Department reported that California added 225,900 nonfarm jobs between December 2011 to December 2012. The State unemployment rate dropped from 11.2% to 9.8% year-over-year representing a decline of 1.4%. The DOF has cited these as factors that are bolstering California's growth.

ESUHSD 2012-2013 Fiscal Overview

At Second Interim, the budget overall reflects a decline in the FY 2012-13 estimated budget deficit from \$2.1 million at First Interim to \$1.5 million and is primarily a result of a decrease in projected expenses by \$1 million. The District's projected revenues have remained basically unchanged and only represent a slight decline by \$440k. Overall, the District has done a great job in holding the line on expenses and projecting expected revenues.

In light of the Governor's FY 2013-14 budget proposal and pending May revisions, the District has not recommended any reductions for FY 2012-13. The Governor is proposing to increase funding to K-12 education by an estimated \$2.7 billion beginning in fiscal year 2013-14. In addition to funding COLA and increasing mandated reimbursements, the Governor has introduced a new Local Control Funding Formula (LCFF). As a result of the Governor's actions, ESUHSD would realize almost a \$5 million increase in funding beginning in FY 2013-14. An increase in funding would allow the District time to regain sound financial footing after years of fiscal uncertainty. Since the LCFF is only a proposal in the Governor's budget, the District has prepared a budget contingency plan to utilize current and newly proposed one-time budget augmentation savings in the event the measure is unsuccessful. The District's budget contingency plan would require the negotiation of bargained savings to continue into FY 2013-14 in order to preserve the District's fund balance which would be quickly eroded under the current revenue limit formula. In addition, the District would propose the drawdown of funds from the OPEB Trust funds. At Second Interim, the District's unrestricted reserves total \$35 million and represent 18.8% of general fund expenditures. Undesignated reserves for ESUHSD represent unrestricted and uncommitted reserves (including Fund 17) that could be used for any purpose to fund district operations.

At Second Interim, the District has also had to plan for and project in the multi-year forecast new projected expenditures related to special education disproportionality, Federal EIA audit findings, and enrollment declines. In relation to special education disproportionality, the District has had to set-aside 15% of special education costs totaling \$2 million over a three (3) year period to address subgroup disproportionality which the California Department of Education stated must be addressed. In relation to the Federal Economic Aid Impact (EIA) program audit, the District was found to be "not in compliance" with how EIA funds were supposed to be expended. As a result, the District is required to transfer projected expenses from previously designated restricted funds to the general fund. This change will result in an increase in the District's general fund expense by almost \$4 million over the next three (3) years

In relation to enrollment, the District's CBEDS enrollment has continued to decline as a result of outward migration and increased competition from charter schools. The District's CBEDS enrollment was 25,760 students in FY 2009-10, and has declined to 23,686 in the current budget year. This represents a decrease of

2,084 students since FY 2009-10 and 391 less than FY 2011-12. The District had recently commissioned a demographic study to project enrollment growth for the next 10 years and based on the study's findings, the District is projected to lose an estimated 785 students over the next three (3) years. Based on the study's findings, the District estimates a loss of \$5 million in revenue over the next three (3) years.

Deficit Spending

The First Interim budget does reflect a continuation of deficit spending under the LCFF scenario in FY 12-13 totaling \$1.5 mil., \$10.4 mil. in FY 13-14, and \$13.4 mil. in FY 14-15. The total amount of deficit spending projected over the forecast period totals \$25.3 million and is not projected to grow as fast as it would under the revenue limit formula. In any event, the District will have to plan carefully and exercise due diligence in this new era of recovery because the District is still suffering from the impacts of declining enrollment, charter school growth, special education cost increases, and unpredictable health benefit increases.

The District has made painstaking efforts to reduce and contain cost during the recent fiscal crisis which has not only gripped California but the nation. The District has gone through great lengths to address the loss of revenues by making over \$50 million in budgetary reductions since FY 2008-09. The District has worked collaboratively with its' unions and other stakeholders to utilize furlough days, increased health benefit co-pays, and increased class size as strategies to assist in mitigating deficit spending and reducing costs. The District's business and other operational service units have worked together to initiate a number of cost savings measures including an early retirement program which will save the District over \$2 million over a three (3) year period. The district feels that many of its' early efforts to reduce expenditures have paid off in building a strong reserve and believes that this situation will be remedied once full funding is restored and deficit factors are eliminated.

The Superintendent recently convened a Budget Advisory Committee with the purpose of providing the Superintendent with input and advice regarding budgetary decision-making. The groups inaugural meeting was held in February 2013 with the next meeting occurring in May 2013 after the Governor's May revise.

Revenue Summary

Revenue Limit

Revenue Limit (RL) funding is based mainly upon student attendance. Revenue Limit funding is the dollar amount for each student that is in attendance on average during the course of the school or fiscal year and comprises a major component in determining the District's budget. The District's projected revenue limit at Second Interim is \$139 million and has remained basically unchanged since First Interim.

There have been no further changes or revisions to the Revenue Limit since budget adoption.

Revenues – Federal/Other State/Other Local

Federal Revenues

The District's Federal revenues have decreased by \$440,000 since First Interim and are primarily as a result of a downward projection in Federal revenues for Title I, Title II, Limited English Proficient (LEP), and Small Learning Community revenues.

There have been no further changes or revisions to Federal revenues since budget adoption.

Other State/Other Local

There has been very little change or adjustment in revenues for this expenditure category since First Interim. Some minor adjustments have been made to reflect adjustments and receipt of award letters.

Contribution to Special Education & Other Transfers

There was a slight decrease in projected contributions from general funds related to a downward projection in projected special education expenses. The District does not anticipate any further changes in this category at this time.

Expenditure Summary

The projections reflected in the Second Interim Report are a result of the analysis of year-to-date expenditure projections against the Adopted Budget. This analysis included a review of all filled and vacant positions and other staffing and benefit considerations within the District.

There was a significant downward adjustment in projected expenses. The District is projecting that general fund expenses will decline by \$1 million since First Interim as a result of adjustments and a recalculation of planned expenses. The change in expenses and rationale are as follows:

Expenditures Projected to Decline by \$1.06 million at Second Interim

- \$336k – Certificated salaries are projected to increase due to additional 1.4 FTE Teacher-on-Special Assignment and an adjustment to hourly expense projections;
- (\$217k) – Classified salaries are projected to decline reflecting a downward adjustment in hourly expense projections;
- \$451k – Benefits expenses are projected to increase reflecting adjustments in projected salaries; and other adjustments related to certificated retirees' medical benefits;
- (\$319k) – Reference Books and Other Supplies expenses are projected to decline slightly;
- (\$1.2 mil.) – Operations and Contracted Services decreased by (\$726k) due to lower than projected repair expenses, and lower than projected expenses related to special education and communication expenses totaling (\$503k);
- (\$80k) – Projected downward adjustments related to indirect cost;

Ending Balance Summary

At Second Interim, the District projects an Ending Fund Balance plus General Reserve of approximately \$37,560,203 for FY 2012-13. This amount represents an increase of almost \$619,000 since First Interim. The increase is primarily related to a \$1.06 million decrease in projected general fund expenditures. The State requires a district our size to maintain an ending reserve equal to 3% of total expenditures and other uses. In November 2011, the District's Governing Board unanimously adopted a resolution to increase the District's minimum fund balance for economic uncertainties from 3% to 6% and reinforces the Board's commitment to being fiscally conservative. The District's projected ending fund balance at Second Interim represents a reserve of 18.8%.

The District’s Ending Fund Balance designations are as follows:

<u>Designations</u>	
Revolving Cash	\$ 2,500
Stores	\$ 177,138
Economic Uncertainty 6% (Fd 17)	\$12,177,399
Legally Restricted (Categorical)	\$ 1,842,365
Undesignated - Budget Balancing Reserve – General	<u>\$23,360,801</u>
<u>Total Designations</u>	\$37,560,203

Reserve % - All Undesignated Reserves (Including Fund 17) total 18.8% of General Fund

General Fund Restricted

Legally restricted funds are monies received by the District that are categorical in nature, i.e., they can only be used for the purposes allowed by the funding agency. Restricted Revenue Funding is recognized in two ways. It is either recognized as deferred revenue, which means it is recognized as revenue once it is spent or if received and not spent and has carry-over provisions, the funds are deferred until the next fiscal year. For funding subject to ending fund balance, the revenue is recognized in the year received and any funds remaining at the end of the year are recorded as a restricted ending balance. As of January 31, the projected restricted general fund carry-over is \$1.842 million.

Cafeteria Fund 61/Other Funds

At Second Interim, the budget for the Food Service Program (Fund 61) is projected to have a deficit of \$156k and an ending fund balance of \$396k. The deficit has improved slightly since First Interim and the District’s Food Service Director has taken aggressive efforts to contain the deficit. There are a number of factors impacting the Food Service Program including a decline in the number of free and reduced lunch eligible students, a decline in participation, and a rise in food service costs due to increasing requirements. The division is carefully monitoring this situation and may recommend actions during budget development to ensure the trend does not continue into the next fiscal year.

Multi-Year Financial Projection

The 2012-13 Multi-Year Financial Projection (MYFP) at Second Interim reflects that the District is able to maintain its’ statutory and additional board designated reserve totaling 6% throughout the forecast period under the Governor’s LCFF. The District is assuming passage of the LCFF with a contingency plan of one-time budget augmentation in the event the LCFF is unsuccessful. The multi-year projections are based on assumptions listed in the attached binder and include current negotiated settlements, health benefit increases, and a continuation of furlough days and class size increases through the forecast period. Salary increases, as well as any other increased expenditures, would have an impact on the ending fund balance. The Multi-Year Financial Projection assumes that the District will continue to operate in the same manner with all ongoing costs considerations currently in place. These include the costs of step-and-column adjustments, utilities and other ongoing expenditures such as encroachment from special education. The Governor’s budget assumptions, School Services of California (SSCAL) dashboard, and adjustments in the budget related to special education disproportionality, Federal EIA audit findings, and enrollment reductions have all been included in the multi-year projection. The District is also continuing to monitor the issues around Federal

sequestration which would adversely impact the District in the out-years projection. The District has estimated that the loss in Federal revenue due to sequestration would be between \$500k - \$600k.

Multi-Year Financial Projection Summary for the General Fund under LCFF Planning Assumption:

Final Comments

The recommendation to the Governing Board is to adopt a positive certification for the current fiscal period ending January 31, 2012. This certification reflects that the District will end this year and the next two years with a positive ending fund balance. As the District awaits the outcome regarding the May Revisions and whether or not the Governor's LCFF will prevail, the District will continue to maintain fiscal prudence in its bargaining and financial decision-making. The District has an 18.8% undesignated ending fund balance reserve which would be reduced to 8.4% under the Governor's LCFF and to 4.63% under the current revenue limit formula. The District's budgetary planning is centered around the LCFF prevailing as part of the Governor's proposal. In the event the LCFF is not successful, the District will recommend one-time contingency measures to help preserve the Districts ending fund balance which would be reduced to 4.6%. At 4.6%, the reserves would be less the Board's mandated 6% reserve.

The District continues to be vigilant in managing its fiscal resources and as such, has initiated over \$50 million in budgetary reductions since FY 2008-09. The District has continued to work collaboratively with stakeholders to continue reductions in the current fiscal year by maintaining increased class sizes and furlough days. In addition, the District and Governing Board has made a concerted effort to preserve district reserves for economic uncertainties by passing a resolution in November 2011 to increase the District's minimum reserve from 3% to 6% in order to hedge against ongoing budget uncertainty. The District will continue to look and examine the factors which continue to pressure the District's budget including special education costs, charter school impacts, enrollment decline, and health benefits costs and etc.

In summary, the District will continue to be proactive and vigilant in managing its fiscal resources while ensuring that our schools, teachers, staff, and students have the resources they need to maintain the excellent educational program the community has come to enjoy and respect. We believe the Governor's budget reflects a reason for optimism and confidence about the future. The District is once again enjoying a year of welcomed collaboration with parents, staff, and the community of East Side Union High School District as we work together to strengthen our District.

Thanks for your support.

2012-13 District Budget Assumptions Update and Comparative Analysis

2012-13 Second Interim Assumptions

Revenue and Expenditure Assumptions Update

There are many unpredictable factors that affect revenues and expenditures. Because of that, the District bases its Second Interim report on assumptions. This is the best information available at the time the First Interim report is prepared. The Second Interim report, therefore, should be considered a “financial snapshot” on the date it is approved.

As variables change, formal adjustments approved by the Governing Board are made throughout the course of the year. The District utilized the School Services of California, Inc. (SSC) dashboard which provides officially recognized financial information for budgetary reporting. The assumptions upon which the 2012-13 Second Interim report is based as follows:

REVENUE HIGHLIGHTS

- Cost of living allowance (COLA) is equal to 3.24%, with a 22.272% deficit factor.
- Federal revenues decreased by \$429,591 primarily as a result of a downward projection in revenues for Title I, Title II, Limited English Proficient (LEP), and Small Learning Community revenues;
- Contributions for Special Education and Other Transfers declined by \$75, 822 based on a downward projection in estimated general fund encroachment;
- Second Interim assumes the Governor’s new Local Control Funding Formula will be enacted and will result in increased revenues of \$4.8 million in FY 2013-14 and \$4.7 million in FY 2014-15;

EXPENDITURES

- Expenses are projected to decline by \$1.06 million through fiscal year end; Certificated salaries and benefits are projected to increase by \$787,000 due to an additional 1.4 FTE for Teacher-on-Special Assignment and an adjustment to hourly expense projections and related benefits costs; Classified salaries estimated to decline by (\$217,000), books and other supplies by (\$319,000), and operations and other contracted services by (\$1.2 million);
- Previously enacted budget reductions continue; i.e. furlough days and increase class size, etc.
- Step and Column movement on salary schedules and longevity costs are included in salary expenses for all employees.
- Health and Welfare benefits are budgeted at 8% for the next two years.
- Other expenses which have been included in the multi-year projections include declines in projected enrollment est. (\$5 million), special education disproportionality finding estimated at (\$2 million), and increased general fund expenses related to Federal Economic Impact Aid Findings estimated at (\$4 million).

Child Development Fund – 12

The Child Development fund is used to provide services and education for Preschool, Family Literacy, and General Child Care for school age mothers and for the community.

Fund 12 is funded by various sources from Federal, State, Local Grants and Local Parent Fees. The fund is projected to be in balance or at breakeven.

Deferred Maintenance Fund – 14

Due to provisions in the State budget which allow districts the flexibility to move Deferred Maintenance funds to the General Fund for operating purposes, the District has only used this fund on a limited basis and has a carryover fund balance from FY 2008/09. The District will continue to receive a deferred maintenance entitlement from the State and the District will continue to exercise State flexibility which makes the fund unrestricted for operating purposes.

General Reserve Fund for Other Than Capital Outlay Projects – 17

This fund is used primarily to provide for the accumulation of General Fund moneys for general operating reserve purposes or for economic uncertainties. Amounts from this fund must first be transferred into the General Fund before expenditures may be made. In November 2011, the Board approved the District to keep a minimum of 6% in this fund for economic uncertainties. The fund is currently projected to have a balance of \$12.2 million.

OPEB with Revocable Trust Fund – 20

This fund is earmarked for the future cost of postemployment benefits but has not contributed irrevocably to a separate trust for the postemployment benefit plan. Amounts accumulated in this fund must be transferred back to the General Fund for expenditure. The projected ending fund balance at Second Interim totals \$4.8 million.

Building Fund – 21

The purpose of this fund is for major capital improvements, building and ground repair and replacement in accordance to the language of the voter approved GO bond – Measure G. The projected ending fund balance at Second Interim totals \$25.4 million.

Building Fund – 23

The purpose of this fund is for major capital improvements, building and ground repair and replacement in accordance to the language of the voter approved GO bond – Measure E. The projected ending fund balance at Second Interim totals \$97.6 million.

Capital Facilities Fund – 25

The fund is used primarily to account separately for revenues from fees levied on developers or other agencies as a condition of approving a development by the District. Expenditures are restricted to the purposes specified in Government code section 65970-65981 or to the items specified in agreements with the developer. At Second Interim this fund is projected to have an ending fund balance totaling \$2.95 million.

State School Building Lease-Purchase Fund – 30

The fund is used primarily to account separately for State Apportionments for the reconstruction, remodeling or replacing of existing school buildings of the acquisition of new school sites and buildings. The fund has been exhausted in 2011/12 but District still earns minimal of interest from cash balance for liabilities setup.

County School Facilities Fund – 35

This fund is established pursuant to Ed Code Section 17070.43 to receive apportionments authorized by the State allocation Board for new school facility

construction, modernization projects and facility hardship grants. The projected ending fund balance at Second Interim totals \$25.8 million.

Special Reserve – Capital Project Fund – 40

This fund was established primarily to provide for the accumulation of General Fund moneys for capital outlay purposes. This fund may also be used to account for any other revenues specifically for capital projects that are not restricted to other facilities funds. Authorized resources are proceeds from the sale or lease with option to purchase, rentals and lease of real property specifically authorized for deposit to the fund by the Governing Board. The projected ending fund balance at Second Interim totals \$1,554.

Cafeteria Special Revenue Fund – 61

The purpose of this fund is to account for the expenditures authorized by the Governing Board as necessary for the operation of the Child Nutrition Program. The program is funded by various sources from Federal, State and local food sales, catering and vending machine sales. The program is operating at full efficiency. All Child Nutrition Service program sites are in compliance with the new regulations which include lunch menu certification and the availability of drinking water during the meal period. The District has 10,660 Free and Reduce students eligible and the projected ending fund balance at Second Interim totals \$396 thousand at year end.

For the first time in over 30 years the Child Nutrition Program has seen significant changes to combat our national childhood obesity epidemic and increase student access to nutritious food with the Healthy Hunger-Free Kids Act. Beginning July 1, 2012 new menu requirements establish an increase in daily whole grain offerings as well as an increase in daily fruit and vegetable offerings. An additional six cent reimbursement for lunch was given to off-set the increase in food cost. Unfortunately the six cents will only cover half the actual food cost increase.

Self Insurance Fund for Property & Liability – 67

The fund is used to separate moneys received for self-insurance activities related to properties and liabilities. Expense transactions in the fund are recorded for the payment of claims, estimates of costs relating to incurred but not reported claims, administration costs, deductible insurance amounts, cost of excess insurance and other related costs. The projected ending fund balance at Second Interim totals \$232 thousand.

Self Insurance Fund for Dental and UAS Medical – 68

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

STANDARD: Funded average daily attendance (ADA) for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since first interim projections.

District's ADA Standard Percentage Range: -2.0% to +2.0%

1A. Calculating the District's ADA Variances

DATA ENTRY: First Interim data that exist will be extracted; otherwise enter data into the first column for all fiscal years. Second Interim Projected Year Totals data for Current Year are extracted. If Second Interim Form MYPI exists, Projected Year Totals data will be extracted for the two subsequent years; if not, enter data into the second column.

Fiscal Year	Revenue Limit (Funded) ADA		Percent Change	Status
	First Interim	Second Interim		
	Projected Year Totals (Form 01CSI, Item 1A)	Projected Year Totals (Form RLI, Line 5c) (Form MYPI, Unrestricted, A1c)

Provide reasons why the change(s) exceed the standard, a description of the methods and assumptions used in projecting funded ADA, and what changes will be made to improve the accuracy of projections in this area.

Explanation:
(required if NOT met)

Current Demographic Study shows number of declining enrollment is greater than the previous study.

2. CRITERION: Enrollment

STANDARD: Projected enrollment for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since first interim projections.

District's Enrollment Standard Percentage Range: -2.0% to +2.0%

7. CRITERION: Facilities Maintenance

STANDARD: Identify changes that have occurred since first interim projections in the projected contributions for facilities maintenance funding as required pursuant to Education Code sections 17584 (Deferred Maintenance) and 17070.75 (Ongoing and Major Maintenance Account).

7A. Determining the District's Compliance with the Contribution Requirement for EC Section 17584 - Deferred Maintenance

NOTE: SBX3 4 (Chapter 12, Statutes of 2009), as amended by SB 70 (Chapter 7, Statutes of 2011), eliminates the local match requirement for Deferred Maintenance from 2008-09 through 2014-15. Therefore, this section has been inactivated for that period.

7B. Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 as modified by Section 17070.766 and amended by SB 70 (Chapter 7, Statutes of 2011), effective 2008-09 through 2014-15 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: SB 70 (Chapter 7, Statutes of 2011) extends EC Section 17070.766 from 2008-09 through 2014-15. EC Section 17070.766 reduced the contributions required by EC Section 17070.75 from 3 percent to 1 percent. Therefore, the calculation in this section has been revised accordingly for that period.

DATA ENTRY: Budget Adoption and First Interim data that exist will be extracted; otherwise, enter Budget Adoption and First Interim data into lines 1 and 2 as applicable. All other data are extracted.

¹Available reserves are the unrestricted amounts in the Reserve for Economic Uncertainties and the Unassigned/Unappropriated accounts in the General Fund and the Special Reserve Fund for Other Than Capital Outlay Projects. Available reserves will be reduced by any negative ending balances in restricted resources in the General Fund.

²A school district that is the Administrative Unit of a Special Education Local Plan Area (SELPA) may exclude from its expenditures the distribution of funds to its participating members.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

S9. Status of Other Funds

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year. If any other fund has a projected negative fund balance, prepare an interim report and multiyear projection for that fund. Explain plans for how and when the negative fund balance will be addressed.

S9A. Identification of Other Funds with Negative Ending Fund Balances

DATA ENTRY: Click the appropriate button in Item 1. If Yes, enter data in Item 2 and provide the reports referenced in Item 1.

1. Are any funds other than the general fund projected to have a negative fund balance at the end of the current fiscal year?

If Yes, prepare and submit to the reviewing agency a report of revenues, expenditures, and changes in fund balance (e.g., an interim fund report) and a multiyear projection report for each fund.

2. If Yes, identify each fund, by name and number, that is projected to have a negative ending fund balance for the current fiscal year. Provide reasons for the negative balance(s) and explain the plan for how and when the problem(s) will be corrected.

ADDITIONAL FISCAL INDICATORS

The following fiscal indicators are designed to provide additional data for reviewing agencies. A "Yes" answer to any single indicator does not necessarily suggest a cause for concern, but may alert the reviewing agency to the need for additional review.

DATA ENTRY: Click the appropriate Yes or No button for items A2 through A9; Item A1 is automatically completed based on data from Criterion 9.

- A1. Do cash flow projections show that the district will end the current fiscal year with a negative cash balance in the general fund? (Data from Criterion 9B-1, Cash Balance, are used to determine Yes or No)
- A2. Is the system of personnel position control independent from the payroll system?
- A3. Is enrollment decreasing in both the prior and current fiscal years?
- A4. Are new charter schools operating in district boundaries that impact the district's enrollment, either in the prior or current fiscal year?
- A5. Has the district entered into a bargaining agreement where any of the current or subsequent fiscal years of the agreement would result in salary increases that are expected to exceed the projected state funded cost-of-living adjustment?
- A6. Does the district provide uncapped (100% employer paid) health benefits for current or retired employees?
- A7. Is the district's financial system independent of the county office system?
- A8. Does the district have any reports that indicate fiscal distress pursuant to Education Code Section 42127.6(a)? (If Yes, provide copies to the county office of education.)
- A9. Have there been personnel changes in the superintendent or chief business official positions within the last 12 months?

When providing comments for additional fiscal indicators, please include the item number applicable to each comment.
