

East Side Union High School District

Job Title: Speech Therapist

Description of basic functions and responsibilities:

The Speech Therapist screens students for placement in the Speech Therapy Program, works with students who have speech needs, sets goals and objectives for each student, confers with parents and teachers when necessary and writes an annual report for each school and the state.

Major duties and responsibilities:

Screen referrals for placement in the Speech Therapy Program.

Assess and evaluate the student's speech and language abilities and deficits

Develop a schedule for student placement in the program compatible with the teachers' schedules

Inform and confer with teachers and parents of the student's placement, type of speech and/or language deficit, and ways to help improve the speech and/or language deficit, outside of therapy, if possible

Work with the students in the appropriate areas of speech and language as determined in the individual goals and objectives for each student

Prepare an annual end-of-the-year report for each school consisting of an individual report on each student and a summarized statistical report

Contact feeder intermediate school districts for students attending school within the district and the next school year who may require continued speech therapy.

Other duties and responsibilities

Attend appropriate meetings and functions as a member of the Special Education staff

Participate in conferences and workshops as requested

Keep in contact with current research in the areas of speech pathology and audiology

Perform other duties as assigned by the Special Services Administrator

Supervision exercised or received

Supervised by the Special Services Administrator

East Side Union High School District
