Andrew P. Hill High School
2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/ For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/ For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Andrew P. Hill High School was one of the first school's to open in the East Side Union High School District and is the only district high school to offer the International Baccalaureate (IB) Middle Years and Diploma Programs. All 9th and 10th grade students are part of the IB Middle Years Program with courses focused on developing the Approaches to Learning Skills: communication, self-management, social, research and thinking. Students speak more than thirteen different languages and come from diverse cultural backgrounds. Andrew P. Hill High School supports college and career readiness by offering a variety of pathways/academies: Health and Medical Pathway, JROTC, Multimedia Academy, Legal Practices Academy and Puente Program.

The vision and mission at Andrew P Hill High School; All AHHS students will graduate as morally and ethically responsible lifelong learners with the ability to earn a post-secondary degree, succeed in the 21st century workforce, and effectively support a diverse global society.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp

School Facility Conditions and Planned Improvements

Overview
The District makes every effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office and at the district office.

Cleaning Process and Schedule
The district's Board of Trustees has adopted cleaning standards for all schools in the district. The Leadership Team works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget
The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floors systems.

Age Of School Buildings
The main school campus was constructed in 1956.   In previous years portable buildings have been added to accommodate increased student population and diverse program needs. We have ten portables that serve as classrooms throughout each period of every school day.
In addition, our newest building facility is the 100 building that was completed in Spring 2015. The 100 building includes art classrooms, computer labs, general classrooms and lab science classrooms with an interior hallway with display cases.

Modernization Projects
During the 2016-2017 school year, local Measure E, state matching funds and Emergency Repair Funds were used to renovate and repair existing facilities.
The main quad is being renovated to include seating, large presentation area, shade and learning areas in a modern design that will be completed by December 2017. Windows in the main gym are being replaced and the original frame is getting

repaired. Outdoor basketball courts are being renovated with the installation of new outdoor volleyball courts near the main gym. The following buildings had the roof renovated and replaced: Building D (cafeteria & Music Hall), Building K (Advisor's Office), boy's locker room, girl's locker room, small gym, main gym, 200 building, 300 building, 400 building and 500 building. Another completed project was the installation of new HVAC units in Building K, 200, 400 and 500 buildings.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 Career Technical Education Programs

Our high school offers courses intended to help students prepare for the world of work. These career technical education courses (CTE, formerly known as vocational education) are open to all students. The primary representative of the district's CTE advisory committee is Timothy Nguyen who works with representatives from the following industries; Arts, media and entertainment, building and construction trades, business and finance, education, child development and family services, engineering and architecture, health science and medical technology, hospitality, tourism and recreation, marketing sales and service, public services, and transportation.

The Andrew Hill programs fit within the instructional day, taking either the place of a core academic course, an elective, or an additional course offered after school in conjunction with a local community college. Many of these courses are incorporated into larger academies with teams of teachers regularly meeting to review student progress and offer supports for those students who are struggling as well as evaluating the progress of students through the program.

Courses/Programs include:

Health & Human Services:
Health Science Prep
Elements of Nursing
Pharmacy Clerk
Medical Terminology
Certified Nursing Assistant
Personal & Community Health

Multi Media:
Multimedia 1
Multimedia 2
Digital Photo 1
Multimedia 3

Family and Consumer Sciences:
Nutrition/health/Foods
International Cuisine
Early Childhood

Additionally, students are able to sign up to take courses at the Silicon Valley Career Technical Education Center (SVCTEC) where they can enroll in a variety of programs including, but not limited to, Forensic Sciences, Veterinary Tech., and Auto Body Repair.

Our measurable outcomes include student grades, college acceptance rates, CST scores, SBAC scores, CAHSEE passing rates, student retention rates, graduation rates, and A-G eligibility. These are evaluated year over year by program coordinators to assess success rates of the programs.

2020-21 Career Technical Education (CTE) Participation

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Andrew P Hill has a Parent and Community Involvement Specialists, Mrs. Rita Luna and Mrs. Linh To to actively support parents and all stakeholders within our school setting. Both Mrs. Luna and Mrs. To organize numerous monthly parent groups such as the English Language Learner Advisory Committee (ELAC), Coffee with the Principal and Attendance Review Committee (ARC). They both assist our Counseling Department in providing an evening and morning Marking Period Grade Conferences for all parents with a total of 5 being offered. Parents can find Mrs. Luna in the Principal's Office at (408)347-4294 and Mrs. To at (408)347-4174.

Andrew P. Hill is committed to including parents in the decision making process at the school site. The Andrew Hill School Site Council is the main governance body on campus. The committee includes parents, community members, students, administration, certificated staff, and classified staff members. This body is responsible for allocating categorical funds at the school site which are aligned the school goals as identified in the School Plan for Student Achievement. The Council's primary function is in supporting socio-economically disadvantaged students, special needs students, and English Language Learners at the school site. The contact person for this group is the site Principal who can be reached at (408) 347-4110.

2021-22 Opportunities for Parental Involvement

The English Language Learner Advisory Committee (ELAC) is another governance body of elected parent and elected student members who support English Learners at the school site. Parents of English Learners meet once a month to discuss various topics related to state, district and site educational decisions. These meetings are led and organized by our Parent and Community Involvement Specialists, Mrs. Rita Luna for Spanish speakers and Linh To for Vietnamese speakers. The contact person for this organization is the school Associate Principal, APED Monica Schneider, at (408)347-4130.

C. Engagement	State Priority: Pupil Engagement
	The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5): • High school dropout rates; • High school graduation rates; and • Chronic Absenteeism

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.05	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The 2021-2022 School Safety Plan which was created by the Safety Team Committee was reviewed and approved by the School Site Council and the East Side Union High School District Board of Trustees.

The safety plan is comprehensive, enforceable, and continuous: The process for our Behavior policy, Rules and regulations, Protocols for safety/emergency drills, Tardy policy, Attendance policy, Referral process are aligned with those of East Side Union High School District Policy. Additionally, Andrew Hill High School has for the past ten years implemented a Common Dress Policy on site. It also contains the yearly safety goals as determined by the students, staff, and parents. The goals for the 2021-2022 School Safety Plan are:

1) By January, 2022 100% of all staff will report incidents of bullying and harassment, observed or reported to them.
2) By January 2022, there will be a 10% decrease in the number of incidents involving drugs, tobacco and alcohol use before, after or during the school day.
3) By January of 2022 there will be a decrease in the number of incidents related to EC 48900 (k) (disrupted school activities or willfully defied valid authority) by 20%.

The plan outlines protocols, systems, and procedures in the event of any/all emergencies. The Safety Plan and drill procedures are reviewed during the year with all staff. All drills are completed twice a year and the results are shared with staff. Safety alerts are shared with all staff as needed throughout the school year.

Members of the Safety Team attend the San Jose City Mayor's Gang Prevention Task Force and the Region 8 Safety meetings which are held monthly. These meetings include representatives from community agencies and local feeder schools, and provide us additional opportunities to seek out and coordinate additional support services for our students.

Because our staff is committed to support the whole student, we continue to provide non-academic support services. Our Student Multi-Services resources are coordinated by a full-time, licensed social worker. In 2021-22 school year, we are partnering with Santa Clara County Office of Education to provide a Wellness and Mental Health Center along with outside community agencies. The types of services provided reflect the needs of our current student population and are free of charge.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

2020-21 Types of Services Funded

Wellness and Mental Health Center
Provides social-emotional and mental health support for all students and is located in room 403. All students are welcome and can self refer or be referred for services by a staff member. Services include group and individual sessions facilitated by our social worker interns or our community based organizations.

IB Professional Development Office
Supports Andrew Hill teachers in effectively implementing researched based instructional strategies in their classroom. Teachers have the opportunity to collaborate in order to align practices using Approaches to Learning and Teaching from IB. The instructional practices of this series focus on the California Standards of the Teaching Profession for Classroom Management and Creating an Effective Classroom Environment.

After School Safety & Enrichment for Teens (ASSETs)
Students have access to over 25 different courses/activities offered after school Monday-Friday. A popular option is the Hill Academy that is open Mondays, Tuesdays and Wednesdays with tutors (peers/adults) along with access to chromebooks, supplies, printers, etc. Students can also attend Weight Training after school that may support their PE classes. Over 150 students participate each day in one of the offered after school activities.

College Access Programs (College & Career Center)
Two University of California College Access Programs provide support to AHHS students via UC Berkeley's DCAC Program and UC Santa Cruz's Cal-SOAP Program. New this year is the 10,000 Degrees College Access Program. Each program has a specific group of students from each grade level but their activities are open to all AHHS students. All three programs are located in C-108.

FAST (Future Advancers of Science and Technology)
Graduate students from Stanford University volunteer their time on specific Saturdays to mentor and support 100 AHHS students exploring science. AHHS students determine a topic or problem they want to research, explore and work towards understanding via science and/or technology. Students share their work at the district science fair and some advance to the County Science fair. Two projects advanced to the state science fair and one project advanced to a national science fair level.

HOSA (Health Occupations Students of America)
AHHS Medical Magnet students participate in the state HOSA activities and competitions that take place in March of each year. HOSA students are provided an activities calendar that will help prepare them for the state competitions.
Students advance from the state HOSA competitions to the national HOSA competitions when possible.

Therapeutic Classroom (TC) Support Center
Provides social-emotional support for students in the TC/ED Program based on their individual processing needs. The Center will focus on de-escalation and increasing processing time for each individual student. Services include group and individual sessions facilitated by TC/ED Social Worker and/or Social Worker interns.

After School Supper Program
Food Service provides a free meal to any interested student during the hour right after the last class period. Any student staying on campus for projects, homework time, club meetings and centers listed above are eligible for the free food.

Professional Development

Andrew P. Hill High School has been using a 90-minute Professional Development block of time along with weekly 1 hour collaboration blocks for staff to focus on data analysis, common unit lessons and instructional strategies. There has been an increase in the PD blocks of time from 12 days in 2017-18 to now 46 days in 2021-2022. Andrew P. Hill has been using these PD blocks of time to create common unit lessons for all 9th and 10th grade classes as part of the IB Middle Years Program. Staff have been using this time to establish school wide expectations and the common language used in the IB Middle Years Program. The IB Middle Years Program was selected a key focus based on disproportionate data collected from the existing IB Diploma Program that is available for grades 11 and 12. In the last two years, some of the 2 hour blocks have been devoted to school wide common unit lessons that communicate expectations for school wide climate and culture. These PD blocks have used a variety of delivery methods from department, subject matter cohort groups, grade level groups, conference presenters and individual mentoring. At the end of each semester time is spent sharing through gallery walks and other forms student data from common unit lessons as an entire staff along with IB Coordinators providing feedback for the common unit lessons.

The 1 hour blocks of time have remained consistent with 28 days in 2017-18, and 28 days in 2021-22. Staff participate in a rotating weekly 1 hour collaboration meeting every Thursday between: entire staff, department and pathway/program. The agenda focus for each type of meeting will depend on identified group needs by Administrators, Department Chairs and Pathway Coordinators. Professional development is delivered through numerous methods from department groups, subject matter cohorts, pathway groups and workshops depending on topics or needs. Support during implementation is provided by peer support for department and pathway focus areas and staff-administration meetings as needed. Time is devoted to analysis of summative data such as marking period grades, common unit lessons and unit/project specific focus areas.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
