Silver Creek High School
## 2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.
	For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/
	For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/
	For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Silver Creek High School opened its doors to students in September 1969 to serve the growing population of the Evergreen Valley area of Southeast San Jose. Since then the school has flourished to more than 2,400 students that receive equal access to quality education in a safe, healthy, challenging, and caring environment. The fact that we serve a culturally, academically, and economically diverse community, is what makes Silver Creek such a unique and stellar high school.

To address the diversified needs of our student body, we offer numerous Advanced Placement and advanced courses to meet the needs of our students seeking a greater challenge, as well as support classes for the students that require additional academic assistance. Due to the success of our 180 Degrees Program, we have expanded it to include a freshman and two sophomore-level classes, and we expanded our AVID program to help move the students in a positive direction. We also have a large selection of unique classes not offered at most other high schools, such as Forensic Science, Japanese.

With the support of our community, we have also modernized our campus, for the benefit of our students and community. We have a state of the art theater and performing arts building, which has brought the focus for students' activities back to the center of campus. The improvements also included our athletic facilities, so that our scholar-athletes have the best possible facilities at their disposal. Stadium lights were installed, which has helped to create a true community event where the neighborhood can come together and watch our students participate in a variety of activities. We have modernized our aquatic facilities as we have built a super pool that will allow us to host water polo matches. The new fitness center provides students with the opportunity to experience a community gym feel. We have also enhanced our common areas to include landscaping and updated seating.

The ultimate goal with the support of all of our stakeholders is to create an equitable community where all students are welcomed as they are, their strengths and areas of growth are known and supported. Adults will respond positively to the social-emotional, wellness, and academic needs of every student. We believe in instilling the values of the Creek Way into our daily routines both in and out of the classroom. Creek students will leave high school with the skills of communication, collaboration, independent thinking, and problem-solving techniques.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp

School Facility Conditions and Planned Improvements

With the support of the district, the Silver Creek High School makes every effort to ensure that all facilities are clean, safe, and functional. These priorities are reviewed in meetings with various parent groups, including but not limited to the PTSA, African American Parents Group, Latino Parents Group, Vietnamese Parent Group, and School Site Council. The school site works hard to ensure all current facilities are functional with supplies fi daily or when needed. The administrative team along with all the custodial staff strive to ensure that all facilities are cleaned and serviced daily or when needed. With what money is left from Measure E, and the addition of Measure I, Silver Creek High School is eagerly waiting for several big projects to further enhance our school. These facilities include: Additional restrooms and concessions stands surrounding the Football Field, a modern physical education building, and landscaping for key areas on campus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 Career Technical Education Programs

We offer magnet strands in Business. Additionally, we offer the following CTE courses: Computer Information Technology, Introduction to Business, Web Design, Economics of Business Ownership, and Work Experience. Many of our classes articulate for college credit at Mission, San Jose City, and Evergreen Valley Colleges. We are affiliated with NFTE (Network for Teaching Entrepreneurship), and in the last four years, our students have competed and won the national finals. One of our students placed second in the national competition and was one of five students to meet the President of the United States in the Oval Office. We also implemented a Linked Learning Pathway, with the focus on not only getting more students to take AP Computer Science or AP Computer Science Principles but also to provide opportunities for our students to work with professionals in the industry.

2020-21 Career Technical Education (CTE) Participation

Measure	CTE Program Participation

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

C. Engagement	State Priority: Parental Involvement
	The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

One of the greatest strengths of Silver Creek is the outstanding support and involvement of parents. Silver Creek parents serve as elected members of the School Site Council (SSC) and the English Language Advisory Council (ELAC). Both council meetings are open to all parents and the public.

In addition to serving on the SSC and ELAC, many parents are also involved in, School Beautification Group, Latino Parents in Action, African American Parent Coalition, Vietnamese Parent Group, and the Silver Creek Parent Teacher Student Association (PTSA). Our PTSA works tirelessly to support and meet the needs of our students and school in general. Through major fundraising, they have been able to fund some technology, projects to beautify our campus, help with new teacher grants, help with middle school visits, positive publicity, and every year they honor graduating seniors with the PTSA Scholarship.

Silver Creek strongly encourages parent and community involvement and frequently informs families about school issues as well as community services and resources. Information concerning attendance, school calendars, and testing dates are regularly mailed home to parents. Information regarding school events, updates from other parent organizations, as well as college and community information is posted regularly on Silver Creek's website and sent home via School Loop. The school website also provides access to a wealth of information concerning school activities and programs. Teachers can post homework assignments, grades, and attendance via School Loop, allowing parents and students greater access to information. The principal also hosts a Zoom Coffee Talk once a month. Families have the opportunity to hear what is happening at school.

To support our parents, the principal sponsors and coffee talk once a month. Silver Creek hosts a variety of parent information nights, such as Financial Aid night, Freshman Parent Orientation, and meet and greet with the administration and teaching staff. We have a Parent Center, with a full-time Parent and Community Involvement Specialist whose focus Is to be an advocate for all the parents and provide whatever resource they might need.

To obtain more information or to participate in any of these programs please call 408-347-5631.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.08	0.00	0.05	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

As with all schools within the East Side Union High School District, Silver Creek has an annually updated comprehensive safety plan, that includes processes and procedures of campus safety, as well as rules and guidelines for times of emergency. Every year the Safety Plan is reassessed, modified, updated, and presented to the School Site Council which consists of parents, students, teachers, and administrators. The School Safety Goals are also presented to the same committee, approved, and passed on to the School Board of Trustees for final approval. A safety goals assessment was submitted to SSC on March 6, 2021. The plan is utilized in our evacuation, lockdown, run, hide, defend, fire, and earthquake drills every year. The Associate Principal (APA), Advisors, and Campus Monitor meet regularly to discuss the safety concerns of the campus. And the Associate Principal (APA) and the safety team meet twice a semester. The main goal of the meetings is to review the safety goals and to assess and review any protocols that need updating.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

2020-21 Types of Services Funded

SCHS Categorical funds are used to supplement the services that our students are receiving, especially our neediest students. One of the greatest needs that were identified was the lack of sufficient academic counselors, so we're able to fund an additional general academic counselor in order to decrease the student to counselor ratio. We currently have 6 counselors who serve 2,500 students. Some groups that we identified as needing additional resources are our English Language Learner students, foster youth, and homeless student. Another area of focus is to help move all the students and teachers further along in the implementation of the Common Core State Standards. We are infusing more technology in the classroom, by purchasing class sets of readers/tablets, so that both the students and teachers are becoming more comfortable with the use of technology in the classroom that will be required with the implementation of the Common Core State Standards. Additionally, categorical funds are being used to improve the communication with all of our stakeholders, by funding personnel that is translating all communication going home both in Spanish and Vietnamese.

Professional Development

Staff members build teaching skills throughout the year by participating in conferences and workshops and professional site-based development. For Silver Creek High School we offer teachers the opportunity during minimum days to interact with colleagues during departmental meetings and participate in our onsite professional development. Our focus for Professional Development has been on curriculum development, common assessments, reviewing data, both behavioral and academic, social-emotional learning, and keeping equity for all top of mind. In an effort to help the majority of teachers with their specific needs, the Professional Development Team has developed different strands with different modules that teachers can sign up to attend during our collaboration time. Collaboration time during the 2020-21 school year is 180 minutes and is held every Wednesday. The District Office has annually offered staff development time where teachers are offered a variety of professional growth opportunities in the curriculum, teaching strategies, and methodologies. Instructional coaches were funded at SCHS, to help new teachers reflect on best practices and continue to grow professionally. We also offer monthly professional development after school for our teachers who have been teaching for five years or less.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
