KIPP San Jose Collegiate
School Accountability Report Card
Reported Using Data from the 2019-2020 School Year
Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

B. Pupil Outcomes

State Priority: Pupil Achievement
The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):
- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

In this unprecedented year, KIPP has been actively seeking out the experiences and needs of our families, staff members and community. Through virtual town halls, as well as multiple family, student and staff surveys, KIPP sought input on distance learning, reopening paths and technology access for the 2020-2021 school year. Notices for these engagement opportunities were sent through multiple formats and languages, including text, email, mail, automated phone calls and through KIPP's regional support line messaging. KIPP's virtual town hall meetings and surveys were created using technology that allowed engagement and response collection through a cellular phone, a method which has been most reliable for our families. Any KIPP family that identified a need for wifi was given a wifi hot-spot. And most importantly, thousands of personal conversations, between parents, teachers, students, school leaders, community members and KIPP's Advocacy team have been taking place throughout the school year.

KIPP is committed to equitable access for our community. The school has worked with our families to find safe, alternative options for family engagement. Due to health and safety requirements, KIPP has transitioned our engagement opportunities, including KIPP Family Association meetings, School Site Council meetings and teacher-family conferences to a virtual setting. KIPP communicates these opportunities to our families using our new communication system, ParentSquare. All students and families have access to their teacher's KIPP cell phone numbers to discuss classwork, homework or other academic needs. Parents, guardians, students and community members that wish to engage further with the school should review the schools website for meeting details, and should contact the main office if they have any questions or would like to request specific accommodations in order to participate.

State Priority: Pupil Engagement
The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

• High school dropout rates; and
• High school graduation rates.

State Priority: School Climate
The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

• Pupil expulsion rates; and
• Other local measures on the sense of safety.

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	4.3%		
Expulsions	0%		0%

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

KIPP has a comprehensive safety plan that is updated annually and distributed to families.

The plan includes the following elements:
- COVID health and safety procedures
- Fire safety and evacuation procedures
- Earthquake safety and evacuation procedures
- On-campus threat and evacuation procedures
- Emergency coding system
- Staff responsibilities

More time on task is central to the success of KIPP students. KIPP supplements the regular day with instruction before 9 am and after 3 pm several days a week, as well as during the summer and on Saturdays when necessary. Supplemental instruction may also be offered for several weeks outside of the regular school year calendar. As part of the Commitment to Excellence, parents agree to participate in all supplemental instruction opportunities provided to their child, and are notified regularly as to the nature of their child's extended day program (remediation, enrichment activities, homework club, etc.). Despite the long day, we have found that KIPP students enthusiastically attend school each day.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	15	15	15

At KIPP, the School Leader sets the tone and develop the conditions under which staff members become the keepers of the school's culture and values. As a result, staff development supports the school's mission and basic values by fostering a positive campus culture, sharing the best instructional practices, and encouraging individual teacher growth.

Beginning in staff orientation before school begins, the School Leader ensures that teachers fully understand and support the school's mission, goals, and basic values, emphasizing a rigorous, standards-based college preparatory program. This orientation involves specific activities designed to align the staff and foster teamwork and constant learning while allowing staff to understand the detailed intricacies of the school culture. As part of the learning and team-building process, staff visits a local KIPP school and/or founding KIPP School. The orientation is aligned with the school's goals and objectives and includes workshops around data-driven instruction, backwards planning model, and building positive relationships with students. In addition, staff is trained in various teaching strategies to ensure that all students are provided with multiple avenues to access the curriculum.

During the school year, staff development continues through planned professional development days, weekly staff meetings, and department and grade-level team meetings. KIPP teachers participate in two weeks of inservice during which they are trained to function effectively within the parameters of the school and to meet the goals outlined in the accountability agreement. Teachers observe each other and other excellent teachers in the community, and receive regular feedback on their performance, goals, and growth from the School Leader. Teachers consistently exchange best practices with each other and teachers at similar schools.

KIPP teachers receive ongoing observation, coaching, and support from the Assistant Principal to improve outcomes for students, with a focus on students identified as needing additional interventions. This development and coaching are customized, supporting both the students and the teachers' growth and development.
