2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

# General Information about the School Accountability Report Card (SARC)

# SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

#### The California School Dashboard (Dashboard)

https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### 2022-23 School Overview

Foothill High school welcomes all 11-12 grade students who want to continue on their path for a high school diploma. Foothill is committed to giving all students the necessary skills and academic background to be successful with their academic studies. We offer all courses required for graduation and the support services necessary to prepare students to be productive and positive adults. Students are encouraged to take advantage of the class schedule, credit-earning opportunities, and also request special projects to assist them in earning credits in specific courses.

Our Mission: To provide a safe and caring environment where students achieve the academic, personal, and social development required to continue learning, pursue post-secondary education, compete in a dynamic job market, and participate in a diverse, democratic society.

Foothill is dedicated to equity and success for all students and eagerly looks forward to providing the best learning opportunities possible. With parent/student/staff partnership, we will meet students where they are at today, give them what they need, and put them in a better learning experience, so that they have the future we all wish them to have as positive adults!

# A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

#### 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

#### **School Facility Conditions and Planned Improvements**

#### Overview

The District makes every effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office and at the district office.

#### Cleaning Process and Schedule

The district's Board of Trustees has adopted cleaning standards for all schools in the district. The Management Team works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

#### Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

#### Age Of School Buildings

Although the main school campus was constructed in 1967, portable buildings have been added to accommodate diverse program needs as well as two science classrooms that have a separate lab area for students. Our library is 6 years old.

#### Modernization Projects

In the 2012/2011 school year, we modernized 12 classrooms and also installed SmartBoards in most of the classrooms and the library.

Hooper Hall which is our multi-purpose building and has upgrades that allow for more indoor seating areas for our students.

#### **B. Pupil Outcomes**

# **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### **Statewide Assessments**

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- 4. College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### **Options**

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	5	N/A	58	N/A	47
Mathematics (grades 3-8 and 11)	N/A	0	N/A	34	N/A	33

#### 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

#### 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

#### 2021-22 Career Technical Education Programs

Foothill High School works very closely with SVCTE to provide career and vocational courses to our students. Each semester students participate in programs and classes that directly relate to their career choice. In addition, we provide college fair and college visit for our students to ensure the transition after high school.

#### 2021-22 Career Technical Education (CTE) Participation

# **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Foothill values and includes all stakeholders in all facets of the educational process. To encourage parent participation, Foothill maintains a system of open communication and employs a variety of ways to increase stakeholder communication. Pertinent school information, including the results of the school evaluation process, school assessment data, and school programs are also available to parents and guardians via several mailings that are, at times, sent to the home which are written in English, Spanish, and Vietnamese. In addition, to ensure ongoing communication, Foothill utilizes the district's website to provide parents with immediate access to their students' grades, attendance, test scores, school programs, and activities as well as to facilitate parent communication with staff members. Because parent and community participation is essential to student achievement, Foothill High School provides a number of parent involvement opportunities. The school has an active School Site Council that meets monthly to discuss the School Plan for Student Achievement, the allocation of funds, Safety Plans and parent and student concern regarding Foothill's program. Moreover, our school counselor annually schedules parent visits and workshops that include college information, financial aid, and student graduation status. For additional information, please call 408-928-9111.

# **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

#### Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20	
Suspensions	5.90	2.87	2.45	
Expulsions	0.00	0.03	0.05	

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

#### 2022-23 School Safety Plan

Foothill High School has a School Safety Committee made up of administrators, teachers, parents, and community members. The School Safety Plan is reviewed each year by this committee. Foothill has a very detailed, comprehensive safety plan that outlines protocols, systems, and procedures in the event of any/all emergencies. This plan also contains the yearly safety goals as determined by the students, staff, and parents. The Safety Plan and drill procedures are reviewed during the year with all staff. Safety alerts are shared with all staff as needed throughout the school year. In addition, all required drills are calendared and completed and the results are communicated to all staff.

Foothill High School Site Safety Plan has a comprehensive, enforceable, and continuous:

Behavior policy

Rules and regulations

Dress code policy

Protocols for safety/emergency drills

Tardy policy

Attendance policy

Referral process

Partnership with community agencies and groups that offer support services

Safety team

Student Support Team

#### 2021-22 Types of Services Funded

Categorical funds come from the state or federal government. Each categorical fund was created to address a certain student need, and is based on the legislation that was passed to address that need. For example, Title I is intended to mitigate the effects of poverty by supporting supplemental educational opportunities for students, bringing them to a 'level playing field' with other students who are not living in poverty. Title III is intended to support the achievement of English Learner and immigrant students and is restricted to the purposes laid out in the original legislation that created policy, programs, and their associated funding. Each categorical fund has a formula for determining how it is allocated. Some are by enrollment (CBEDS) and some are by a characteristic of the student (if they receive free or reduced lunch, or if they are an English Learner). How these funds are disbursed at the school level is determined in the School Plan for Student Achievement which is approved initially by the Site Council and ultimately by the Board of Trustees.

#### Foothill High School receives:

Title 1 Funds – These monies are used to ensure that all students have a fair, equal and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency.

Economic Impact Aid [EIA] Funds - These funds are used to support additional programs and services for English Language Learners and economically disadvantaged students.

From these funds the following programs are being funded:

Read 180 Language Arts Program

Supplemental Social Service Program to include three certified Social Workers, two of which provide mental health services and two intern Social Workers from San Jose State University.

Student Support Team that provides immediate intervention for students that are having difficulty focusing on their education, direct counseling services to include drug and alcohol counseling, conflict mediation, parent/student mediation, and referrals to social service agencies operated by Santa Clara County.

#### **Professional Development**

Professional development opportunities for staff members are multifaceted and clearly and consistently linked to the state's Common Core Standards standards, district goals, the school's core values, and occur during the school year and summer break. Our school has a coherent, comprehensive plan for professional development that is data-driven and directly linked to teaching and learning and the Common Core Standards. Not only do teachers and staff participate in staff development opportunities at the school, but they also take advantage of multiple professional development opportunities at the District. In addition, many teachers take professional growth classes at local colleges and universities and attend workshops offered by the Santa Clara County Office of Education. BTSA and new teacher orientation meetings that support new instructors. The school has created and successfully implemented a collaboration model for professional development. School-wide and departmental meetings are held regularly so that teachers can continue to work on professional development to support school-wide efforts. These efforts align curriculum with rigorous state content standards as well as to provide instructional support for literacy and differentiation to assure the achievement of all students.

To ensure a cycle of continuous improvement, professional development is personalized to address the needs of all subject-area teachers, staff, and administrators. Not only do professional development activities for teachers reflect the best practices approach, but they also align with the California Standards for the Teaching Profession. Teachers and staff participate in professional development that is aligned with their individual fields and district plans at multiple levels. At the school level, professional development is structured to have a generalized focus (e.g., standards-based instruction), and specific facets of the professional development program (e.g., specific instructional strategies) are personalized to address the specific content area dynamics and needs. The district also offers a multitude of professional development opportunities to broaden teachers' knowledge, enhance their classroom management skills, and augment their repertoire of best practices instructional strategies.

Profession Development for Foothill High School includes weekly meetings of 2-3 hour sessions throughout the school year.

This table displays the number of school days dedicated to staff development and continuous improvement.
