

# School Accountability Report Card Reported for School Year 2004-05

*Published During 2005-06*

## Notes regarding the source and currency of data:

Data included in this School Accountability Report Card (SARC) template are consistent with State Board of Education guidelines, which are available at the California Department of Education Web site at <http://www.cde.ca.gov/ta/ac/sa/definitions05.asp>

Most data presented in this report were collected from the 2004-05 school year or from the two preceding years (2002-03 and 2003-04). Due to the certification timelines for graduation, dropout, and fiscal information, the data for these sections of the report were collected in 2003-04. Single-year column headings refer to the school year ending in that particular year. When no year is specified, data are from the most recent school year for which data are available.

More information about SARC requirements is available at the CDE Web site at <http://www.cde.ca.gov/ta/ac/sa/>, including a SARC Preparation Guide at <http://www.cde.ca.gov/ta/ac/sa/guide.asp> and Frequently Asked Questions at <http://www.cde.ca.gov/ta/ac/sa/questions.asp>.

### School Description and Mission Statement

Information about the school, its programs, and its goals.

Located on the campus of Evergreen Valley College and working in partnership with the college, Genesis High School offers a unique opportunity for mature students. In 2002-03, 72 students were enrolled in

Genesis. The goal of the Genesis High School staff is to assist each student in earning a high school diploma by successfully completing the East Side Union High School District course curriculum and proficiency tests, while simultaneously challenging students to begin their college course of study and prepare for life in the

21st Century. Students are enrolled in college classes and will have various college professors

for instructors. Each Genesis graduate will be well on his/her way towards an Associate of Arts degree in college by the time he or she graduates from high school. Alternative Education is an individualized open-entry/open-exit system with competency-based curriculum. Graduating students must meet minimum competencies established by the school district and state mandated graduation requirements. Eighty 11th and 12th grade students are enrolled, with all Genesis classes taking place in the afternoon so that Genesis students can take a college class or classes in the morning. The population is very diverse and the major criteria for acceptance in Genesis is a student being low in graduation credits. Due to the low population, Genesis reports its yearly ASAM data to CDE. The data sent to CDE includes: Indicator #6, Attendance rate; Indicator #13B, Average credits earned; Indicator #14, Graduation rate. Mission Statement: To provide a safe and caring environment where students, who have not been successful in traditional high schools achieve the academic, personal and social development required to continue learning, pursue post-secondary education, compete in a dynamic job market and participate in a diverse, democratic society.

### Opportunities for Parental Involvement

Information about the contact person for parental involvement and a description of organized opportunities for parental involvement at the school.

<b>Contact Person Name</b>	<b>Cathy</b>	<b>Broussard</b>	<b>408-223-6771</b>
<p>At the time of the initial (enrollment), a parent is required to attend a conference with the Coordinator/ Principal to discuss the expectations of all parties involved (parent, student and staff). The student's "Personal Learning Plan" is discussed with the student and parent to identify the specific needs that will have to be addressed in order for the student to reach their graduation goal. At the beginning of each semester, teachers hold a conference to again discuss the needs of the students using the Personal Learning Plan.</p>			

## II. Demographic Information

### Student Enrollment -- Grade Level

Data reported are the number of students in each grade level as reported by the California Basic Educational Data System (CBEDS).

Grade Level	Enrollment	Grade Level	Enrollment
Kindergarten	0	Grade 9	0
Grade 1	0	Grade 10	0
Grade 2	0	Grade 11	22
Grade 3	0	Grade 12	48
Grade 4	0	Ungraded Secondary	0
Grade 5	0		
Grade 6	0		
Grade 7	0		
Grade 8	0		
Ungraded Elementary	0	<b>Total Enrollment</b>	<b>70</b>

### Student Enrollment -- Racial and Ethnic Subgroups

Data reported are the number and percent of students in each racial and ethnic subgroup as reported by CBEDS.

Racial and Ethnic Subgroup	Number of Students	Percent of Students	Racial and Ethnic Subgroup	Number of Students	Percent of Students
African American	4	5.7	Hispanic or Latino	48	68.6
American Indian or Alaska Native	1	1.4	Pacific Islander	1	1.4
Asian	6	8.6	White (Not Hispanic)	5	7.1
Filipino	5	7.1	Multiple or No Response	0	0.0

### III. School Safety and Climate for Learning

#### School Safety Plan

Information about the currency and contents of the school's comprehensive safety plan.

Date of Last Review/Update	September 2004	Date Last Discussed with Staff	September 2004
<p>The East Side Union High School District believes that providing a safe learning environment is critical to student success. The following actions have been taken to create safe schools.</p> <ul style="list-style-type: none"> <li>• Creation of an Office of Safety to coordinate the district's multi-disciplinary team and supervise police on campus.</li> <li>• Development of District and School Safety Plans containing emergency directories, action plans, responsibilities, duties and procedures for all kinds of emergencies.</li> <li>• Enforcement of closed campus of all school. Students are not allowed to leave without permission.</li> <li>• Development of Safe School Campus Initiative that includes members from the San Jose Police Department, Park/Recreation and Neighborhood Service, Probation, all Associate Principals for Administration and the District's Office of Safety. This team is prepared to mobilize in the event of a critical incident or crisis.</li> <li>• Placement of off-duty San Jose police officers on each campus during the school day for added protection.</li> <li>• Posting of unacceptable behaviors and consequences of those behaviors at each school classrooms and in the student handbooks.</li> <li>• Requirement of all staff and students to wear identification badges.</li> <li>• Establishment of Healthy Start/Student Support Services on campuses to provide support services to student and their families.</li> <li>• Implementation of Student Attendance Review Board (SARB) to deal with truant students.</li> <li>• Implementation of earthquake, fire, and lock-down drills (Code-Red) at each school.</li> <li>• Development and implementation of a model critical response training program for all schools.</li> </ul>			

#### School Programs and Practices That Promote a Positive Learning Environment

Information about the school's efforts to create and maintain a positive learning environment, including the use of disciplinary strategies.

Genesis High School students earned credit through Genesis classes, AP projects and/or community college. Most of the junior class enrolled in a Career Planning class at Evergreen Valley College.  
 (depending on their arrival time for registration.) Some juniors and seniors enrolled in two, three or four community college courses enabling these students to receive more than 30 credits in a semester. Genesis High School works in cooperation with Evergreen Valley College. All students take a placement test upon their arrival to Genesis so that they can be placed appropriately at the college level. Genesis students must take and pass their college courses in order to stay on track for graduation. Physical Education, Dynamics of Health, Life Management, Survey of Third World Cultures, Career Planning, Foreign Language, Fine Arts, Film, Drama, Photography, and English classes are courses that Genesis students have taken. Students take college classes in the morning or evening. The coordinator at Genesis keeps in close contact with EVC to ensure placement, testing, scheduling and other services required by our students. These credits reflect first semester only. Many more students are enrolled in college courses second semester.

All students received credits based on their Genesis classes, AP projects and/or community college. Students earn a grade of "C" or better in their classes. Second year students (seniors) tend to earn more credits than juniors because they are accustomed to program and are ready to take more than one or two classes from the college in a semester. Since Genesis takes in many new students during the year, most students will only receive between 0-15 credits first semester. Length of time at Genesis will increase opportunity to earn more credits.

### Suspensions and Expulsions

Data reported are the number of suspensions and expulsions (i.e., the total number of incidents that resulted in a suspension or expulsion). The rate of suspensions and expulsions is the total number of incidents divided by the school's total enrollment as reported by CBEDS for the given year.

	School			District		
	2003	2004	2005	2003	2004	2005
<b>Number of Suspensions</b>	0	0	0	2190	2621	1962

<b>Number of Expulsions</b>	0	0	0	31	47	44
<b>Rate of Expulsions</b>	0.0%	0.0%	0.0%	0.1%	0.2%	0.18%

## IV. School Facilities

### School Facility Conditions -- General Information

Information about the safety, cleanliness, and adequacy of school facilities, including the condition and cleanliness of the school grounds, buildings, and restrooms. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

Genesis is located on the Evergreen Valley Junior college campus. The college campus is well maintained and kept clean. They work with the ESUHSD to ensure that Genesis has adequate

facilities in good repair.

### School Facility Conditions -- Results of Inspection and Evaluation

Data reported are the determination of good repair as documented in a completed *Interim Evaluation Instrument*, including the school site inspection date, the *Interim Evaluation Instrument* completion date, and the date of any remedial action taken or planned. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

## V. Academic Data

### Standardized Testing and Reporting (STAR)

Through the California Standardized Testing and Reporting (STAR) program, students in grades 2 through 11 are tested annually in various subject areas. Currently, the STAR program includes California Standards Tests (CST) and a norm-referenced test (NRT). The CST tests English-language arts and mathematics in grades 2 through 11, science in grades 5, 9, 10, and 11, and history-social science in grades 8, 10, and 11. Prior to 2005, the NRT tested reading/language arts and mathematics in grades 2 through 11, spelling in grades 2 through 8, and science in grades 9 through 11. Beginning in 2005, the NRT tests reading/language arts, spelling, and mathematics in grades 3 and 7 only, and no longer tests science in any grade.

### California Standards Tests (CST)

The California Standards Tests (CST) show how well students are doing in relation to the state content standards. Student scores are reported as performance levels. The five performance levels are Advanced (exceeds state standards), Proficient (meets state standards), Basic (approaching state standards), Below Basic (below state standards), and Far Below Basic (well below state standards). Students scoring at the Proficient or Advanced level meet state standards in that content area. Students with significant cognitive disabilities who are unable to take the

CST are tested using the California Alternate Performance Assessment (CAPA). Detailed information regarding CST and CAPA results for each grade and proficiency level can be found at the California Department of Education Web site at <http://star.cde.ca.gov/> or by speaking with the school principal. *Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.*

### CST -- All Students

Data reported are the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	2003	2004	2005	2003	2004	2005	2003	2004	2005

Mathematics	14	5	*	7		*
Science	23	0	*	11		*
History-Social Science	21	14	*	21		*

### Norm-Referenced Test (NRT)

Reading and mathematics results from the California Achievement Test, Sixth Edition (CAT/6), the current norm-referenced test (NRT) adopted by the State Board of Education, are reported as the percent of tested students scoring at or above the 50th percentile (the national average). School results are compared to results at the district and state levels. Beginning in 2005, the NRT tests reading/language arts, spelling, and mathematics in grades 3 and 7 only and no longer tests science in any grade. Detailed information regarding results for each grade level can be found at the California Department of Education Web site at <http://star.cde.ca.gov/> or by speaking with the school principal. *Note: To protect student privacy, scores are not shown when the number of*

students tested is 10 or less.

### NRT -- All Students

Data reported are the percent of students scoring at or above the 50th percentile.

### California Physical Fitness Test (PFT)

Data reported are the percent of students meeting fitness standards (scoring in the healthy fitness

zone on all six fitness standards) for the most recent testing period. The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. Detailed information regarding the California Physical Fitness Test may be found at the CDE Web site at <http://www.cde.ca.gov/ta/tg/pf/>. *Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.*

**No data are available for this section**

**Academic Performance Index (API)**

The **Academic Performance Index (API)** is a score on a scale of 200 to 1000 that annually measures the academic performance and progress of individual schools in California. On an interim basis, the state has set 800 as the API score that schools should strive to meet.

**Growth Targets:** The annual growth target for a school is 5 percent of the distance between its API Base and 800. The growth target for a school at or above 800 is to remain at or above 800. Actual growth is the number of API points a school gained between its base and growth years. Schools that reach their annual targets are eligible for awards.

**Subgroup APIs and Targets:** In addition to a schoolwide API, schools also receive API scores for each numerically significant subgroup in the school (i.e., racial/ethnic subgroups and socioeconomically disadvantaged students). Growth targets, equal to 80 percent of the school's target, are also set for each of the subgroups. Each subgroup must also meet its target for the school to be eligible for awards.

**Percent Tested:** In order to be eligible for awards, elementary and middle schools must test at least 95 percent of their students in grades 2 through 8, and high schools must test at least 90 percent of their students in grades 9 through 11 on STAR assessments.

**Statewide Rank:** Schools receiving an API Base score are ranked in 10 categories of equal size (deciles) from 1 (lowest) to 10 (highest), according to type of school (elementary, middle, or high school).

**Similar Schools Rank:** Schools also receive a ranking that compares that school to 100 other schools with similar demographic characteristics. Each set of 100 schools is ranked by API score from 1 (lowest) to 10 (highest) to indicate how well the school performed compared to schools most like it.

API criteria are subject to change as new legislation is enacted. Detailed information about the API and the Public Schools Accountability Act (PSAA) can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/> or by speaking with the school principal.

### State Award and Intervention Programs

*Although state intervention and awards programs are currently in the California Education Code, the programs were not funded for the period addressed by this report. Therefore, there are currently no data available to report.*

## Adequate Yearly Progress (AYP)

The federal No Child Left Behind Act (NCLB) requires that all schools and districts meet Adequate Yearly Progress (AYP) requirements. To comply with NCLB, California adopted AYP criteria that were approved by the U.S. Department of Education in June 2003. To make AYP, schools and districts are required each year to meet or exceed specific criteria in each of the following:

- Requirement 1: Participation rate on the state's standards-based assessments
- Requirement 2: Percent proficient on the state's standards-based assessments
- Requirement 3: API as an additional indicator
- Requirement 4: Graduation rate (for secondary schools)

Requirements 1 and 2 apply at the school, district, and subgroup levels. Requirements 3 and 4 apply only at the school and district levels, unless exception or "safe harbor" criteria are used. Detailed information about AYP can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/> or by speaking with the school principal.

## AYP All Criteria -- Schoolwide

Data reported indicate whether all AYP criteria were met for all students in a school or a district, or that exception (safe harbor) criteria were met, or that an appeal of the school's or district's AYP status was approved.

## AYP Participation Rates and Proficiency Levels -- Schoolwide and Subgroups

Data reported indicate whether AYP criteria for both the minimum participation rates and the percent proficient or above were met in a school or a district. *Note: "N/A" means that the student group is not numerically significant.*

## Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do

not make Adequate Yearly Progress (AYP) for two consecutive years. After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Information about PI, including a list of all PI schools and districts, can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/> or by contacting the district office or speaking with the school principal.

## VI. School Completion (Secondary Schools)

### California High School Exit Examination (CAHSEE)

Beginning with the graduating class of 2006, students in California public schools will have to pass the California High School Exit Examination (CAHSEE) to receive a high school diploma. The School Accountability Report Card for that year will report the percent of students completing grade 12 who successfully completed the CAHSEE.

*These data are not required to be reported until 2006, when they can be reported for the entire potential graduating class. At that time, the data are expected to be disaggregated by special education status, English learners, socioeconomically disadvantaged status, gender, and ethnic group.*

### Dropout Rate and Graduation Rate

Data reported regarding progress toward reducing dropout rates over the most recent three-year period include grade 9 through 12 enrollment, the number of dropouts, and the one-year dropout rate as reported by CBEDS. The formula for the one-year dropout rate is (grades 9 through 12 dropouts divided by grades 9 through 12 enrollment) multiplied by 100. The graduation rate, included as one of the requirements of California's definition of Adequate Yearly Progress as required by the federal No Child Left Behind (NCLB) Act, is calculated by dividing the number of high school graduates by the sum of dropouts for grades 9 through 12, in consecutive years, plus the number of graduates.

## VIII. Teacher and Staff Information

## Core Academic Courses Taught by NCLB Compliant Teachers

For a school, the data reported are the percent of a school's classes in core academic subjects taught by No Child Left Behind (NCLB) compliant teachers. For a district, the data reported are the percent of all classes in core academic subjects taught by NCLB compliant teachers in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. More information on teacher qualifications required under NCLB can be found at the CDE Web site at <http://www.cde.ca.gov/nclb/sr/tq/>.

<b>High-Poverty Schools in District</b>	0.0
<b>Low-Poverty Schools in District</b>	88.3

## Teacher Credentials

Data reported are the number of teachers (full-time and part-time) as reported by CBEDS. Each teacher is counted as "1." If a teacher works at two schools, he/she is counted at one school only. Data for teachers with a full credential and teaching outside his/her subject area are provided by the LEA.

### Teacher Education Level

Data reported are the percent of teachers by education level, as reported by CBEDS.

	School	District
<b>Doctorate</b>	0.0	1.6
<b>Master's Degree plus 30 or more semester hours</b>	0.0	17.9
<b>Master's Degree</b>	25.0	15.1
<b>Bachelor's Degree plus 30 or more semester hours</b>	0.0	51.6
<b>Bachelor's Degree</b>	75.0	13.5
<b>Less than Bachelor's Degree</b>	0.0	0.3

### Vacant Teacher Positions

Data reported are the number of positions to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year or, if the position is for a one-semester course, a position to which a single designated certificated employee has not been assigned at the beginning of a semester for an entire semester. For the 2005-06 school year, the most currently available data are reported.

	2004	2005	2006
<b>Vacant Teacher Positions</b>	0	0	0

### Teacher Evaluations

Information about the procedures and criteria for teacher evaluations.

All teachers and staff are evaluated regularly. Teachers are observed and assisted by administrators and coaches who are trained to help teachers improve instruction. First year teachers are evaluated twice during the year, probationary teachers at least once and tenured teachers at least once every two years. The overall purpose of the class visits and evaluator is to reinforce good teaching and to assist those teachers who may need improvement. Informal classroom visitations by administrators occur regularly to maintain awareness of the quality of teaching.

### Substitute Teachers

Information about the availability of qualified substitute teachers and the impact of any difficulties in this area on the instructional program at the school.

The East Side Union High School District has developed a large pool of qualified substitute teachers. When teachers are absent for illness or personal emergencies or need to participate in special professional training activities, substitute teachers are sent to cover classes. However, to maintain the quality of the instructional program, every effort is made to minimize teacher absences.

### **Counselors and Other Support Staff**

Data reported are in units of full-time equivalents (FTE). One FTE is defined as a staff person who is working 100 percent (i.e., full time). Two staff persons who each work 50 percent of full time also equal one FTE.

<b>Title</b>	<b>FTE</b>

### **Academic Counselors**

Data reported are in units of full-time equivalents (FTE). One FTE is defined as a staff person who is working 100 percent (i.e., full time). Two staff persons who each work 50 percent of full time also equal one FTE. The ratio of students per academic counselor is defined as enrollment as reported by CBEDS divided by the full-time-equivalent academic counselors.

## **IX. Curriculum and Instruction**

### **School Instruction and Leadership**

Information about the structure of the school's instructional program and the experience of the school leadership team.

Each school year, the site coordinator establishes a sit-based decision making team. The purview of this team includes, but is not limited to, modifications, changes, alterations, or termination of local school practices and procedures. The committee is solely responsible for its internal organization and procedures. In the alternative schools this committee is made up of the administrator or coordinator, teachers and support personnel.

### **Professional Development**

Information about the program for training the school's teachers and other professional staff.

Teachers learned how to incorporate the curriculum into their everyday lessons to prepare and give support to those students that have not yet passed the CAHSEE. Beginning with the class of 2006, every student will be required to pass the test in the English/Language Arts and mathematics areas, besides the course requirements mandated by the District and the State. Teachers also learned about material intended for students that had difficulties in passing the High School Exit Exam.

### Quality and Currency of Textbooks and Instructional Materials

Information about the standards-aligned (kindergarten through grade 12) and state-adopted (kindergarten and grades 1 through 8) or locally adopted (grades 9 through 12) textbooks and other instructional materials used in the school that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education in the core curriculum areas of reading/language arts, mathematics, science, and history-social science. For kindergarten and grades 1 through 8, the information also includes a description of any supplemental curriculum adopted by the local governing board. The information includes an explanation for the use of any non-adopted textbooks or instructional materials.

<b>Core Curriculum Areas</b>	<b>Quality and Currency of Textbooks and Instructional Materials</b>
<b>Reading/Language Arts</b>	Current standards aligned and Board approved textbooks and instructional materials
<b>Mathematics</b>	Current standards aligned and Board approved textbooks and instructional materials
<b>Science</b>	Current standards aligned and Board approved textbooks and instructional materials
<b>History-Social Science</b>	Current standards aligned and Board approved textbooks and instructional materials

### Availability of Sufficient Textbooks and Instructional Materials

Information about the availability of sufficient standards-aligned (kindergarten through grade 12) and state-adopted (kindergarten and grades 1 through 8) or locally adopted (grades 9 through 12) textbooks and other instructional materials for each pupil, including English learners, that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education in the core curriculum areas of reading/language arts, mathematics, science, history-social science, foreign language, and health (kindergarten through grade 12); and science laboratory equipment (grades 9 through 12), as appropriate. For kindergarten and grades 1 through 8, the information also includes a description of any supplemental curriculum adopted by the local governing board.

<b>Core Curriculum Areas</b>	<b>Availability of Textbooks and Instructional Materials</b>
<b>Reading/Language Arts</b>	Standards aligned and available as student issued texts
<b>Mathematics</b>	Standards aligned and available as student issued texts
<b>Science</b>	Standards aligned and available as student issued texts
<b>History-Social Science</b>	Standards aligned and available as student issued texts
<b>Foreign Language</b>	Standards aligned and available as student issued texts
<b>Health</b>	Standards aligned and available as student issued texts
<b>Science Laboratory Equipment (grades 9-12)</b>	Because labs are shared, there is sufficient laboratory equipment to support lab classes

### Instructional Minutes

Data reported compare the number of instructional minutes offered at the school level to the state requirement for each grade.

12	32,400	64,800

### Continuation School Instructional Days

Data reported are the number of instructional days offered at the school level compared to the state requirement for each grade.

Grade Level	Instructional Days With At Least 180 Instructional Minutes	
	Offered	State Requirement
9	180 days	180 days
10	180 days	180 days
11	180 days	180 days
12	180 days	180 days

### Minimum Days in School Year

Information about the total number of days in the most recent school year that students attended school on a shortened day schedule and the reasons for the shortened day schedule.

Students enrolled at Genesis High School attend school 3.5 hours daily for a total exceeding 32,000 minutes yearly. There were no minimum days used.

## X. Postsecondary Preparation (Secondary Schools)

### Advanced Placement and International Baccalaureate Courses

Data reported are the number of Advanced Placement (AP) and International Baccalaureate (IB) courses and classes offered, and the enrollment in various classes. The data for fine and performing arts include AP Art and AP Music, and the data for social science include IB Humanities.

### **Student Enrollment in Courses Required for University of California (UC) and/or California State University (CSU) Admission**

Data reported are the number and percent of student enrollment in courses required for University of California (UC) and/or California State University (CSU) admission. The percent of student enrollment is calculated by dividing the total student enrollment in courses required for UC and/or CSU admission by the total student enrollment in all courses. *Note: Each student is counted in each course in which the student is enrolled. As a result of these duplicated counts, the student enrollment in all courses will, and the student enrollment in courses required for UC and/or CSU admission may, exceed the actual student enrollment figure for the school.*

### **SAT Reasoning Test**

Data reported are the average verbal and math scores for Grade 12 students at the school, district, and state level who voluntarily take the SAT Reasoning Test for college entrance. Data are also reported for total grade 12 enrollment and percent of grade 12 enrollment taking the test. Students may take the test more than once, but only the most recent score is reported at the year of graduation. The test may or may not be available to students at a given school. Detailed information regarding SAT results may be found at the CDE Web site at <http://www.cde.ca.gov/ds/sp/ai/>. *Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.*
